### ULTIMATE MOWER

Masport's MSV Genius 4'n'1 - featuring the Chipperchute - does more than just cut grass! This grunty mower cuts and catches like a conventional mower, side throws to save time and mulches by recycling clippings and feeding them back into the lawn. This clever mower also shreds branches up to 35mm through the Chipperchute, shredding them to mulch, which is then fed back into the catcher. This 5-blade technology is unique in the Kiwi market, providing an eco-friendly re-use of clippings and mulch around your garden.
