## Masport displaying a century of innovation

Iconic Kiwi brand Masport's presentation promises to be a showstopper at the annual New Zealand National Agriculture Fieldays at Mystery Creek Events Centre.

This year, in celebration of its centenary, Masport will be represented with an impressive array of machinery, from grenades and milking machines to barbecues and lawnmowers, manufactured by the company over the past 100 years.

Masport GM Steve Hughes says the company is proud to be showcasing products from its 100-year history at Fieldays, which runs from June 16-19. The Feature Area at this year's event is themed "Innovation for future profit".
