King of the front lawn

To some of us spring means one thing: spring growth and a lawn gone wild. Get your grass in order with a Masport MSV Genius 4'n1 lawnmower. The only mower in the country with a chipperchute, this grunty machine will mow the lawn, as well as shred branches up to 35mm in diameter and turn them – and your grass clippings – into mulch which can be fed back to the garden. Visit www.masport.co.nz. We have one Masport MSV Genius 4'n1 lawnmower to give away to a Herald on Sunday reader.
