

# YOUR CHANCE TO WIN A MASPORT LAWNMOWER!

Masport's MSV Genius 4'n'1 lawnmower – featuring the Chipperchute – does more than just cut grass! This grunty mower cuts and catches like a conventional mower, side throws to save time and mulches by recycling clippings and feeding them back into your lawn.

This clever mower also shreds branches up to 35mm through the Chipperchute, shredding them to a mulch, which is then fed back into the catcher. This 5-blade technology is unique to the Kiwi market, providing an eco-friendly re-use of clippings and mulch around your garden.
